MAKE IT FASTER, SIMPLER AND MORE SECURE FOR YOUR CUSTOMERS TO BUY WITH GOOGLE PAY

In App or on the Web

When shopping online or in apps, customers can pay faster using their credit card information that is securely stored in Google Pay. Payments are frictionless, since they don't need to re-enter card information every time.

At the Point of Sale

We make it affordable to upgrade to a modern POS system that accepts Google Pay. Our future-proof solutions ensure you keep up to date with the latest mobile wallet technologies. Now, your customers can simply tap, pay and go!

SMARTER ONLINE OR IN-STORE PAYMENTS

FASTER

Enable a quick and simple checkout process for millions of customers already using Google Pay. Reduce shopping cart abandonment and improve overall customer satisfaction.

DEVELOPER FRIENDLY

Nuvei's API makes it easy for developers to add Google Pay and regular credit card payments. Our API detects whether a device supports Google Pay and if a customer's card is activated.

EXTRA SECURITY

Build trust and customer confidence with secure Google Pay transactions. Google Pay safely stores payment information and only shares required information for every transaction.

SEAMLESS

Google Pay's seamless integration means customer can pay easily with their Google account using any Google product, plus browsers like Safari and Firefox, and iOS for web purchases and in-app payments.

**MAKE THE WORLD
YOUR LOCAL
MARKETPLACE**
